

Build Confidence and Well-Being

The Rehabilitation Clinic at Highview Hills offers convenient access to physical, occupation, and speech therapy. Our philosophy is not about a specific problem; but recognizing unique challenges of each individual to overcome barriers. Physical therapist, Leslie Stewart and occupational therapist, Keri Walzcak will work with you to individualize treatments, tailor a recovery plan, and work with our fitness specialist when appropriate.

We offer two on-site therapy options:

- **Outpatient Therapy**

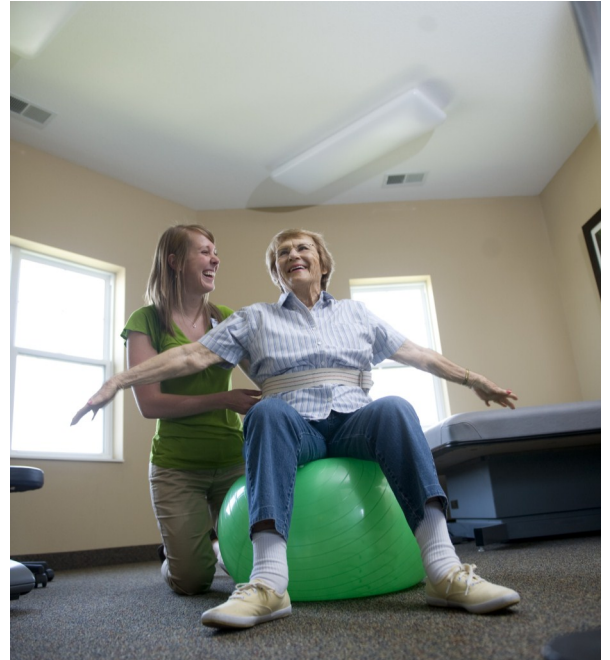

Includes a complimentary evaluation and assistance in obtaining an order from your physician if therapy is indicated.

- **Home Care**

Available for those transitioning from hospital or transitional care to home at Highview Hills in order to continue rehabilitation in a safe, supervised environment.

The rehabilitation and Therapy Clinic at Highview Hills accepts a number of payment options as well as health insurance programs.

Visit us on the 3rd floor, or contact us at (952) 985-9020.
